CALM**

AND

CHELATE

www.thalassemia.org

The mission of the Cooley's Anemia Foundation is to increase life expectancy of and enhance the quality of life for those impacted by thalassemia.

We do so:

- by funding medical research to advance treatment and curative approaches,
- by supporting and advising patients and their families and advocating on their behalf, and
- by educating medical professionals and the general public.

Every day, we strive for longer and healthier lives for all patients with thalassemia until a universal cure is found.
